

# SANDRA BAPTISTA

## WEB DEVELOPER & PROJECT MANAGER

### PERSONAL SUMMARY

I am a web developer who is proficient in both back-end and front-end frameworks, with more than five years' experience.

From a young age I was curious to understand how a computer works. I felt intrigued about how pressing on a button would lead to an action. This idea led me to pursue Code Development in all schooling advancements.

My passion for coding is a reflexion of my inquisitive attitude. I am motivated to learn more on daily basis and I look for new challenges that allow me to achieve self growth together with professional improvement.

### OTHER EXPERIENCE

#### International Experience for 4 months

As the world was locked down due to Covid 19, I was living in Bratislava, Slovakia, balancing remote work with cultural diversity. In Bratislava I was able to improve my language skills, to focus on personal growth and to balance professional assignments with foreign adventure.

#### Workshop Speaker

I have participated as a speaker on workshop related with Gender and Workplace Equality. I have an interest in promoting LGBT awareness, and I have taken part on diverse opportunities, both during work occasions and private events.

#### Instructor

My experience includes coaching and lecturing clients on product specifics.

#### Courses

udemy - Building Cross Plataform Apps with Xamarin and C# - 2017  
Microsoft - JavaScript for Experienced Developer - 2017  
CEFOLgest - Course Initial Teacher Training 2016
